TRENDS COUNTERTRENDS
People can only consciously take notice of something for which there's an opposite, says Mate M. Wilkes, innovation expert and management consultant for customers. Future researcher Matthias Hox formulates it thus: "According to the laws of trend dynamics, every trend generates a countertrend." When it comes to trends which appear at first glance, to contradict the megatrend, often turn out to be "retro-trends", on closer examination. (www.psi-journal.de) "Wie um die Megatrends gesellschaftlicher Wandel entsteht!"

Indispensable in everyday life
In addition to a large selection of cans and containers, Doospermatall GmbH also has a variety of drinking bottles. In cooperation with a barbers supplier, they have created a bottle suitable for sports, on the go as well as in the office. With a capacity of 500 millilitres, this bottle is an indispensable companion in everyday life. And best of all, purchasing a bottle from the Doospermatall range not only supports the consumer's health, but also the environment.

Doggy doormats
Personalised with a customer's own design and logo, emco logo mats are an optimum solution for pets. The mats, made of sustainable ECONYL® yarn, can be simply washed in the washing machine when dirt accrues. Alongside this particularly high functionality, the carpet mat – which can be printed on – is a persuasive feature with its gleaming colours as well as the enduring customer logo. Thanks to production in Germany, short delivery times are possible and special finishes can be effortlessly realised.

Glamorous energy boosters
Romer Drinks is a member of the Romer family and offers a wide range of promotional beverages, from natural mineral water to modern beverage cans, from champagne bottles to the worldwide-patented promotional tea and coffee. With their own label, all drinks offer a sparkling promotional presence at trade fairs, customer or employee events. Romer Drinks supplies mineral water from Germany, energy drinks, sports drinks, apple spritz, secos, latte machines in cans as well as exclusive sparkling wines in various bottle colours. The sparkling wine is available as Secco, Cuvee, Champagne and Kenning Goldblau in premium brand quality. Innovative and patented products such as the environmentally friendly Water One®. Fairtrade organic promotional coffee and organic promotional tea in original brew bags are also part of the range and are perfect for an enjoyable promotional presence.

Ultra-thin bottle
The ultra-thin bottle and bottle are an extreme product of the 21st century. It is made with a special material and is extremely lightweight. The bottle can be used for promotional purposes and is suitable for all types of beverages. The ultra-thin bottle is made from the most advanced technology and is suitable for all types of beverages. The ultra-thin bottle is made from the most advanced technology and is suitable for all types of beverages.

Crystal clear drinking innovation
The crystal clear drinking innovation is a new product that is made from a special material and is extremely lightweight. It is suitable for promotional purposes and is suitable for all types of beverages. The crystal clear drinking innovation is made from the most advanced technology and is suitable for all types of beverages.

Details

The screenshot shows the PSI Supplier Finder interface. At the top, there's a navigation bar with 'INSPIRATIONEN', 'Startseite', 'DE | EN', 'LOGOUT', and 'ACCOUNT'. Below that, a search bar contains 'PSI Nr., Firmenname, Land, PLZ, Ort, oder Straße' and a 'FINDEN' button. The main content area is divided into sections: 'Zertifikate' (Certificates) with filters for BIO Siegel, Blauer Engel, DIN EN 1234, EU - BIO - Logo, and Fairtrade Siegel; 'Warengruppen' (Product Groups) with filters for Lorem, Ipsum, Dolor, Sit, and Amet; and 'Veredlungsverfahren' (Finishing) with filters for Lorem, Ipsum, Dolor, Sit, and Amet. The results section, titled 'Unsere Top-Zulieferer' (Our Top Suppliers), shows a grid of supplier cards. Each card includes a logo, a PSI 2021 award badge, and the supplier name and address. The first card is for '1001 Gewürze GmbH', the second for '11teamsports AT GmbH', the third for '12M BTL & POS producer', and the fourth for '1A Textilveredelung GmbH & Co. KG'. A dotted line points from the 'Supplier Finder LIVE' logo to the search bar and another dotted line points from the 'Supplier Finder LIVE' logo to the '1001 Gewürze GmbH' card.
